

HOUSE AEROSPACE CAUCUS

NATIONAL PAPER AIRPLANE DAY

INSTRUCTIONS:

Print page two, making sure that "actual size" is selected and that the page isn't scaling to fit, follow the instructions, and fly!

1. With graphics side down, fold paper in half along line 1, then unfold.
2. Fold both sides of the paper along line 2 in toward the center crease of the paper.
3. Fold the new flaps along line 3 in toward the center of the crease of the paper.
4. Fold paper in half again along line 4.
5. Create wings by folding the flaps down along line 5.
6. Pop wings back up, fly, and experiment with adding paper clips to various parts of the fuselage (main body) of the airplane.

This side down.
